Make a Donation in Lieu of Gifts

At St. Mary's Hospital for Children, we rely on donations both big and small. More than 90% of our patients need a level of care that surpasses what their families can afford and what Medicaid covers. The generosity of our donors has given our children and young adults hope, performed miracles, and have allowed St. Mary's Kids and their families to flourish. Our goal is to give our kids and their families more than what they've ever dreamed possible. [Consider making a donation to St. Mary's Kids this holiday season.](#)

Send Cards to our Patients

Send some warm wishes to our patients and their families with a holiday card! Both homemade and store bought cards are welcome – and the messages are completely up to you! All we ask that is that you do not share any personal information, such as your address, email, telephone or last name, and that you consider making a variety of cards inclusive of all holidays. All cards can be sent directly to our Bayside location (multiple cards can be sent in the same package).
